Pehiāweri Marae & Hāpori Resilience Pou and Whare Plan

Last words

- ❑ Pehiāweri Marae continues to be a beacon of leadership and hope
- ❑ Equity will not be recognised or achieved if Mana Whenua are not part of the discussions - decisions – approach - monitoring
- ❑ Together we will invest in building community resilience, operationalise a locality health care model and emerge as authentic partnership as envisaged by Te Tiriti o Waitangi

There comes a time where we must take a position that is neither safe, nor politic, nor popular, but we must do it because conscience tells us it is the right thing to do!
