AOTEAROA

# Calling all Lived Experience Advisors in health

Collaborative Aotearoa invites Lived Experience Advisors (LEAs) to join our Collaborative Lived Experience Advisors Rōpū (CLEAR), a group offering peer support, personal growth, and a voice in sustainable system change. LEAs bring invaluable insights that bridge theory with real-world experience, highlighting ways to make health services more responsive.

Through CLEAR, we provide LEAs with peer support, development opportunities, and a platform to influence Collaborative Aotearoa's kaupapa, enhancing community and whānau-centered decision-making. The Rōpū will work closely with the Collaborative Aotearoa Board of Trustees.

## How to express your interest

Scan the QR code below and complete an [online form](#), or contact us by phone or email.
